

SHEVON KRISHMAL

BSc (Hons) in Information Technology Specializing in Software Engineering

Software Engineer focused on developing reliable enterprise solutions, solving complex technical challenges, and driving continuous improvement. Thrive in collaborative engineering environments, working with diverse teams to combine expertise, deliver effective solutions, and achieve shared technical and business objectives.

WORK EXPERIENCE

Software Engineer

IFS R&D International (Pvt) Ltd /Sri Lanka
2022 August – 2026 August

Software Engineer on the Manufacturing team, contributing to the development and continuous evolution of **IFS Cloud ERP**. Experienced in delivering enterprise software solutions within the **Manufacturing domain**, working across complex functional requirements, technical challenges, and the full product development lifecycle.

Key Contributions

- Contributed to product development, enhancements, defect resolution, and platform stabilization across seven consecutive IFS Cloud release tracks (22R2–26R2).
- Provided technical customer support for APP10/IEE, Cloud tracks by investigating and resolving customer reported issues.
- Developed strong functional and technical expertise in **General Manufacturing processes**, including end to end **Shop Order flows**, with hands-on experience in **Scheduling, Visualization, CAMRO, and Estimates Components**.
- Continuously upskilled in AI-assisted development tools and emerging engineering practices to improve development efficiency and stay aligned with industry trends.
- Collaborated with cross-functional teams on debugging, code reviews, testing, defect analysis, and continuous product improvement.

MSO (Manufacturing Scheduling Optimization)

- Core contributor to the MSO component, working closely with the **PSO (Planning and Scheduling Optimization) engine team** on complex functional and technical scheduling logic.
- Developed strong capability in reading and interpreting PSO XML output to understand engine behavior and diagnose issues.
- Delivered development work in **Resource handling, Resource availability, Split model logic, Operation block functionality, Tool resource development, Gantt restructuring, Automatic scheduling triggers and Planner support functionality**.
- Resolved 200+ defects within the MSO component.
- Supported the **MFGVIZ (Manufacturing Visualizer)** component, building solid functional understanding of its capabilities; also developed a working knowledge of **APB (Advance Planning Board)**. Working knowledge of CBS and CBSINT components.

CAMRO, CRO & Estimating (ESTMAN / ESTPRD)

- Contributed to development and customer support across the **CAMRO, CRO, and Estimate (ESTMAN / ESTPRD)** components.
- Delivered the **Order Summary for Order Structure** feature and a **CAMRO data-visualization Lobby**.
- Resolved approximately 100 customer support cases across these components.

Additional Responsibilities

- Served as **Technical Coordinator for APP10**.
- Acted as **QA counterpart**, supporting quality assurance activities for the team.
- Contributed to **General release management activities** across multiple release cycles.
- Delivered **time zone conversion** enhancements across multiple components (MSO, MFGVIZ, CBSINT).
- Active member of the team welfare committee.
- MSO · MFGVIZ · CBS · CBSINT · CROMFG · CAMRO · CRO · ESTMAN · ESTPRD · SHPORD · APP10 · IEE · APB (basic) · PSO XML analysis

Intern Software Engineer

Wenthura Solutions (Private) Limited
2021 July – 2022 January

- Designed and implemented a platform to manage front office work in a hospital management system.
- Implemented the delivery management system's administrative duties and Ecommerce website admin panel to analyze sales details.

EDUCATION

Higher Education

SLITT | Sri Lanka Institute of Information Technology
01/2019 – 01/2023

BSc (Hons) in Information Technology Specializing in Software Engineering

School

St. Sebastian's College Moratuwa
01/2004 – 08/2017

- G.C.E Advance Level (year -2017) in physical science stream.
- G.C.E Ordinary Level (year -2014)
- Member of Science Society.
- Member of Art Society (drawing).
- Treasurer of YCS Society (2009 - 2017)
- Football Team Vice-Captain.

CERTIFICATION & COURSES

Merchandising Management

SLITA | Sri Lanka Institute of Textile & Apparel
01/2018 – 08/2018

English Language

British Council Sri Lanka

LANGUAGES

Sinhala

Native or Bilingual Proficiency

English

Professional Working Proficiency

INTERESTS

- Robotics (Arduino, raspberry pi)
- Image processing
- AI Engineering
- Data science
